NOTE FROM: VILMA HALL
SUBJECT: Michael Ledeen

Dad is "out of pocket" and has not seen following note. Dr. Keel has asked me to forward note to you and Howard Feltcher for your thoughts on "plotting Michael Ledeen losses; could be helpful?" I'm not sure that Howard knows that we still have profs to Dad & want to protect that so could I pls ask you to discuss with Howard and give me something from both of you for Dr. Keel. I will send separate note to Howard on this and cc you. Many thanks for your help.
